For publishing in the City of Washington, a Democratic "THE CONSTITUTION."

"THE CONSTITUTION."

THE undersigned, having purchased the materials of The Speciator, will issue, on or before the 10th inst. the first member of a new paper to be called "True Constitutions". It will be devoted to the steady advocacy of that system of measures which will preserve unimpaired the sucred instrument from which we borrow the name; and as constantly oppose whatever is not sanctioned by it. We shall unceasingly oppose a National Bank—a Protective Terriff—laterial Improvement by the General Government—a Distribution of the Proceeds of the sales of the Public Lands—Assumption of the State Debts—an abrogation of the Executive Veto, as unconstitutional and inexpedient.

We hope to make the paper worthy of the confidence and support of the Democratic party. It shall be the faithful expedient of their principles, and the ever ready medium to convey theirs sentiments and wishes to the public. The Democratic cause, is the cause of truth and justice. It courts the light. It shums no investigation. And we are determined to see whether a paper, conducted with a devotion to the principles, rather than to the san, of our party—to further the great cause of human progress, rather than the mere advancement of perticular individuals, will not commend their to the confidence and favor of the people.
